1 Event Description

The Event was held at Tafila Technical University (TTU) based on the training of trainee requirements. The knowledge was transferred to the TTU staff by the ECO-CAR team members who attended the original workshops delivered by Aachen University (Germany), Univaq (Italy) and University of Deusto (Spain). The event was held at the ECO-CAR classroom using the newly received teaching equipment. The attendees background consisted of professors from various disciplines, lab. engineers and technicians. The agenda was well respected and the deliverables were perfectly received and discussed.

2. Summary of the activities

The activities were as follows:

- 1- The team members welcomed all attendees and helped them all during the registration process.
- 2- The welcome message was given by Dr. Wail Adaileh and the project progress was highlighted in brief.
- 3- Eng. Sakher Aqabawe gave an impressive speech about the wireless charging techniques.
- 4- Case studies including autonomous vehicles and wireless charging techniques were presented by Dr. Ahmad Mostafa.
- 5- The attendees were gifted the ECO-CAR package by the team members.
- 6- Dr. Wail Adaileh gave the closing speech. The Eco-Car project team at Tafila Technical University organized an in-house training workshop with the aim of sharing knowledge from the UD and RWTH Aachen experiences with TTU staff and students. The workshop covered recent advancements in vehicle dynamics and battery technology.
