

Dr. Bashar Qawasmeh

Assistant Professor at the Mechanical Engineering Department, the University of Jordan.

Email: [b.qawasmeh@ju.edu.jo](mailto:b.qawasmeh@ju.edu.jo) , [brqawasmeh@gmail.com](mailto:brqawasmeh@gmail.com)

Dr. Bashar Qawasmeh is an Assistant Professor in the Mechanical Engineering Department at the University of Jordan. He received his Ph.D. degree from New Mexico State University, USA in 2012. He co-organized and participated in many workshops, seminars and conferences in the fields of Fluid Mechanics, Mathematical Modelling, Energy, Energy Harvesting, Renewable Energy and Green building. Dr. Qawasmeh worked under funded projects supported from organizations as Sandia National Laboratories, USA. He supervised undergraduate senior year projects in the areas of fluid mechanics, energy, renewable energy and energy rating from experimental, analytical, numerical and statistical perspectives. In addition, he published articles in the aforementioned fields of expert. Also he is a reviewer for well-known journals and peer-reviewed conferences. Dr. Bashar Qawasmeh is eager to work in projects where he can apply innovative and creative ideas in the fields of energy, renewable energy and green building.
