

Marianna Márkus

Education expert - Budapest University of Technology and Economic

Marianna Márkus graduated as a psychologist in 2010. She has been working in the educational field for 5 years. She is working as an education coordinator at the Department of Automotive Technologies at TU Budapest since 2019. Currently, she supports engineering education, including the Vehicle Engineering program (BSc, MSc), Autonomous Vehicle Control Engineer program (MSc) and postgraduate education in the Department. She facilitates deadlines within a master schedule to meet expectations of the education department, as well as deadlines for course registration. She helps develop departmental goals, objectives, standards of performance, policies and procedures. She continuously makes initiatives to make the education system effective.
