

Eng. Radi Al-Rashed

Assistant Instructor at the Al Hussein Technical University

Email: [radi.alrashed@htu.edu.jo](mailto:radi.alrashed@htu.edu.jo)

**Eng. Radi Al-Rashed** has received his MSc degree in Renewable Energy Engineering from Jordan University in the spring of 2021, and bachelor's degree in Electrical Engineering from Jordan University of Science and Technology in 2012. Mr. Al-Rashed has a broad industrial experience. He worked at Zain Jo as a network performance and quality engineer. Then he joined the Royal Jordanian Airlines as a maintenance engineer in the line maintenance department. He also held a post at Huawei Technologies working as an RF performance and quality engineer on 4G swap project. In the fall of 2017, Mr. Al-Rashed joined the energy engineering department at the school of engineering technology in Al Hussein Technical University as a Teaching and Research Assistant, and now he is working as Assistant Instructor. His teaching areas include topics like: Managing a Professional Engineering Project, Renewable Energy Systems and Technologies, Energy Conversion, Energy Economics and Energy Efficiency. His research interests include the performance enhancement of PV panels using nanomaterials, and the optimization of hybrid energy systems.
