

World Confederation
for Physical Therapy

Certificate of Accreditation

The physical therapist professional entry level education programme at the

University of Jordan

has been awarded accreditation with conditions by the World Confederation for Physical Therapy for the period

16th April 2018 to 15th April 2023

An onsite review of the programme was conducted in February 2017 and the programme was deemed to meet WCPT's standards and guidelines for physical therapist professional entry level education (2011) with conditions. Accreditation throughout the period is contingent on the programme satisfactorily completing all required progress reports and submission of satisfactory annual reports. Conditions may be lifted where the programme has demonstrated that it meets the standards outlined in the report.
