

Hatem Yassin Mohamed El Hady Diab , PhD

Education & Experience

- Jan 2017 – Now, Acting as Head of Electrical Energy Engineering Department at Arab Academy for Science and Technology – Smart Village campus.
- October 2016, PhD degree from Staffordshire University at the faculty of computing, engineering and Sciences, Stoke Campus.
- April 2009, took and passed the 8 hours Fundamentals of Engineering exam and certified as EIT from NCEES - USA.

Training courses in the field

- Opal RT Real Time Simulator Programmer.
- March 2014- Risk Assessment course – Staffordshire university.
- Nakaa academic education Accreditation course.
- Certified from Siemens in:
 - Step 7 PLC.
 - WINCC SCADA.
 - MICROMASTER M4.
 - PI introduction.
 - WINCC Flexible.

Memberships:

- IEEE organization member.
- IET organization member.

Research Interest:

- Renewable Energy integration with the grid, control systems, control applications in power systems. Control application in renewable energy systems.
