

Eng. Waleed Sunjuq

Assistant Instructor at the Al Hussein Technical University

Email: Waleed.sunjuq@htu.edu.jo

Eng. Waleed has received B.Sc. degree in Mechanical Engineering from Jordan University in Amman, Jordan, in 2013 and a M.Sc. degree in Mechanical Engineering from Gazi University, Turkey in 2016.

In 2017, he joined the department of maritime engineering at Jordan Academy for Maritime Studies (JAMS) as a lecturer, until 2019.

In 2019, he joined Al Hussein Technical University (HTU) as a teaching assistant in the mechanical engineering department, and he now works as an assistant instructor. His current research interests are in the fields of computational fluid dynamics (CFD), modelling of mechanical systems, HVAC, and renewable energy systems. He has more than 5 years' experience in teaching and dealing with students and hands-on experience in design and development of different research projects.
