1 Event Description

On the 13th of June 2024, Heliopolis University hosted an Info Day session dedicated to the groundbreaking ICT4EDU project in the newly established ITC4EDU lab at 1:00 pm, The Info Day session kicked off by highlighting the university's commitment to integrating advanced information and communication technologies into early childhood education. Mr. Ahmed Sameh and Mr. Ahmed Bahrawy from the HU project team, then followed with a comprehensive overview of the ICT4EDU project, detailing its project partners, objectives, and progress that was made so far by Heliopolis University regarding this project. and concluded with a dynamic Q&A session, allowing attendees to engage directly with the project leaders. The event wrapped up with closing remarks, leaving participants excited about the future of education and the transformative potential of the ICT4EDU project.

Mr. Ahmed Sameh elaborated on the collaborative efforts with international and local partners, emphasizing the shared vision and goals that drive the project. He outlined the strategic steps taken to integrate technology seamlessly into the curriculum, focusing on teacher training, infrastructure development, and the creation of engaging, tech-enabled learning environments. Additionally, he shared data and success metrics, demonstrating the positive impact of these initiatives on student engagement and learning outcomes. Attendees were then treated to an engaging presentation that discussed the innovative digital tools being implemented in classrooms and their impact on enhancing student learning experiences. The presentation also included a demonstration of how these tools are being used in real classroom settings, showcasing their effectiveness in increasing student participation and understanding.

The session concluded with a lively Q&A, allowing attendees to engage directly with the presenters, addressing their questions and gaining deeper insights into the project's future directions. Attendees were encouraged to stay connected with the project through the ICT4EDU website and social media channels for updates and opportunities to get involved.
