- **Event Description**

This Action Plan for the institutionalization of ICT Labs in each of the partner universities aims to serve as a biannual monitoring tool throughout the project period. The information elicited through this tool will also help to develop the final deliverable for the ICT Labs. It is of particular importance to stress that the quality of the biannual reports on ICT Labs will be assessed in line with their role in promoting the ICT4EDU objectives.

ICT Labs Objectives

The objectives are based on the envisioned role of the ICT Labs in alignment with the ICT4EDU objectives. These objectives should serve as a guide and standard for the semi-annual activities related to the ICT Labs, as outlined in monitoring Table 3. The primary aim is to establish fully functional ICT labs in each partner institution to support project activities not only during the project's financial period but also afterward. The specific objectives include:

- Conducting teacher training workshops to enhance teachers' professional development in ICT4EDU.
- Facilitating intergenerational ICT4EDU learning through university-school-community partnerships.
- Utilizing equipment to create innovative ICT-enabled teaching and learning methodologies, particularly for updated courses.
- Creating a web-based toolkit for capacity-building on integrating ICTs with Education for Sustainability.
- Producing appropriate course/training materials and digital student-driven lesson plans for early childhood education.
- Formulating a policy and strategy for sustaining and utilizing ICT4EDU Labs beyond the project funding period.

- **Agenda and/or announcement poster**

  2.1. Agenda
  Day 1: Introduction to ICT Lab in Education

10:00 Workshop Introduction: Objectives, expectations, and overview.

10:30 The Evolution of ICT Lab in Education.

12:00 Current trends and experiences in using ICT Lab for Active Learning.

12:30 Break

13:00 Exploring ICT Lab tools and resources.

14:00 Setting up a digital classroom environment.

Day 2: Using ICT Lab in Education

09:30 Introduction.

10:00 Gamification strategies in educational settings with using ICT LAB.

12:00 lesson plans.

12:30 Break

13:00 learning activities.

14:00 challenges.

- **Attendance sheet**

Staff Name	Signature	Note
Prof Ahmad Khasawneh		University president
Dr Mohammad Mhawish		Dean of Development and Lecture in Department of Information Technology
Dr Rahmeh Alissa		Head of department, classroom teacher
Dr Mohammad Albdoor		Lecture in the classroom teacher department
Dr Riyad Darabseh		Lecture in the classroom teacher department
Dr Sahar Alsmadi		Lecture in the classroom teacher department
Dr Esraa Alqaralleh		Lecture in the Department of Information Technology
Eng Yanal Almohammad		Lecture in the College of Educational Sciences
Eng Abdallah Alzoubi		Technical Staff in Department of Information Technology

Dr Zaid Hazaimeh		Lecture in the College of Educational Sciences
Dr Bassam Aljlouni		Lecture in the College of Educational Sciences
Dr Fakri Dawiri		Lecture in the College of Educational Sciences
Dr nasaht Abu hasouenh		Lecture in the College of Educational Sciences
