

**Dr. Mohammad Rajab Almajali**

He is currently an assistant professor at Mechanical Engineering Department in MU. In 1989 he graduated from Jordan University of Science and Technology as a Mechanical/ Aeronautical Engineering. Immediately after that, he enrolled in Royal Jordanian Air Force as a maintenance officer. In Air Force he gained the experience by maintaining several types of Aircraft and he was chosen to receive many training courses related to the technical and leadership aspects. Based on his achievement. He was assigned the following main tasks: Chief of Maintenance at Air Lift Wing (ALW)/(RJAF), Chief of International Cooperation branch at Directorate of Strategic Planning and head of Aerospace section at King Abdullah II Design and development Bureau. So before joining MU, Dr Almajali has an extensive practical experience in RJAF, and KADDB. This practical experience enriches Dr. Almajali's Career and his existing in an Academic Institution will give him the opportunity transfer his experience to new generations.
