

### **Dr. Mohamed Attia**

he received his M. Sc. in 2009 Helwan University and his Ph. D. in mechanical engineering from Faculty of Engineering at Helwan, Helwan University, Egypt in 2015. He served as a visiting researcher at Faculty of Engineering at Cagliari University, Italy from February, 2013 to July, 2014. During his master he opened channel with the National Ukrainian Institute for problems of Materials science for processing silicon nitride composite materials for automotive applications using advanced sintering technique. At present, he is Assistant professor at the Faculty of Engineering, Helwan University. Dr. Mohamed Attia has a strong academic background in the field of processing nano-ceramics materials for hi-tech applications. He is the author for 5 scientific research articles published in leading international journals.
