1. Event Description

Lead University: University of Jordan

Co-Lead University: All

On **March 19th, 2020**, The University of Jordan held the Kick-off meeting for “HEALING” project remotely instead of a face-to-face meeting in Amman-Jordan in response to recent Covid-19 crisis.

HEALING (Developing a Multidisciplinary Diploma on Art Therapy in Health Education) project will work to present and encourage the development of Arts Therapy education in partner countries (Jordan and Tunisia), in particular, to design professional educational program (e-learning package) that will enable all staff and students working with patients with long term conditions to offer their patients art-based therapeutic activities.

The meeting started by a welcome speech from the project general coordinator, Prof. Ahmed Al-Salaymeh, followed by a presentation introducing HEALING Project with outlining the project objectives, indicators, expected results of each work package and their overall plan.

During the meeting, the participating partners introduced themselves and their universities with a focus on their related experience to Art Therapy. The Work package leaders presented the seven work packages of the project and discussed their action plan for implementation with other partners.

The meeting was attended by **35** persons from the partner universities in Jordan, Tunisia, Portugal, Croatia, Italy, Belgium and Greece.
