1 Event Description

On August 22, 2023, Al-Zaytoonah University of Jordan hosted an event titled "EU visits- RWTH Aachen University Team to Al-Zaytoonah University of Jordan." Attended by 30 participants from the Faculty of Engineering and Technology, this event served as a pivotal platform for knowledge exchange and collaboration. The event's focal points revolved around cutting-edge advancements in battery technology, with Dr. Florian Ringbeck delivering insights on "Current and Next Generation Battery Systems," and Dr. Stephan Bihn delving into the intricacies of "Bottom-Up Modelling of Batteries, from State-of-the-Arts to Novel Technologies." This gathering symbolized a convergence of expertise, fostering dialogue and innovation at the crossroads of engineering and technology.

Finally, visits to several labs at the university were conducted, to exchange knowledge and experience of both partners (ZUJ and RWTH-AACHEN).
