## **1. Introduction**

The ECO-CAR Centre has been established at Tafila Technical University based on the fund provided through ECO-CAR project. All received equipment were located in their proper places and the lab, layout was configured in a suitable way. Furthermore, the associated class room has been equipped with all received devices and became ready for conducting teaching and training classes.

## **2. Summary of the activities**

The activities were as follows:

- 1- All equipment were placed in their proper locations in the laboratory area.
- 2- The class room associated with the ECO-CAR centre is well prepared and all received devices were fixed in the class room and are ready for teaching and training students.
- 3- Both university president, Prof. Omar Almaitah, and the dean of Engineering College, Prof. Nabeel Alshabatat, were invited to the lab. opening event.
- 4- Other faculty members and TTU media channel were also invited to the event.
- 5- A short introductory talk was given by the project members.
- 6- A tour was conducted in the lab and detailed explanation on the equipment was provided by the project members.
