

Eng. Feda' Yousef

Grants Officer and International Relations Coordinator

Eng. Feda' Yousef is a Grants Officer and International Relations Coordinator at the Applied Science Private University; she is responsible for coordinating a wide range of mobility and partnership activities. Eng. Feda' holds a bachelor's degree in Structural Engineering and is currently pursuing a Master's of Science in Environmental Engineering and Climate Change at the University of Jordan. Feda' is well-skilled at writing competitive proposals to secure funds. In addition, she has wide experience in managing and coordinating funded projects with different donor agencies, particularly in Erasmus+ projects. She has been recently appointed as a director of Career Guidance and Alumni Office-King Abdullah II Fund for development at ASPU. Her research interest lies in the area of Sustainability, Clean Energy, Environment, Quality Management, and Project Management.
