Development of Environmental Engineering Courses and Injection of Climate Change Concept for Undergraduate Curriculum (EGREEN)

17th December, 2018

Al al-Bayt University – Jordan

Participants list for Teachers:

| No. | Participant Name | University |
|-----|-------------------------|------------|
| 1. | Moayyad Shawaqfah | AABU |
| 2. | Ahmad Khatatbah | AABU |
| 3. | Bilal Yaseen | AABU |
| 4. | Abed al-Majeed Kasasbah | AABU |
| 5. | Safa Al-Husban | AABU |
| 6. | Rami Shawabkah | AABU |
| 7. | Esra Esdifat | AABU |
| 8. | Mohammad Smiran | AABU |
| 9. | Omar Al-Zubi | AABU |
| 10. | Ali Nouh | AABU |
| 11. | Amjad Shitnawi | AABU |

Agenda of the Training Workshop

| Training workshop Monday, December 17, 2018 Implementation in Al al-Bayt University of Jordan | |
|--|--|
| Full day in AABU | Implementation in AABU |
| 9:30 - 10:00 | Registration Venue: Muslim Building (meeting room) |
| 10:00 - 12:00 | Topic (1): Lower footprint and energy use biological wastewater treatment technology Lecturer: Prof ^a . Paula Castro – Full Prof. UCP-ESB |
| 12:00-12:30 | Discussion |
| 12:30 - 01:00 | Coffee Break |
| 01:00 - 03:00 | Topic (2): E learning in Egreen Project Lecturer: Prof ^a . Eduardo Cardoso – Ass. Prof. UCP-ESB |
| 03:00 - 03:30 | Discussion |

Minutes of the Training Workshop

Monday, December 17, 2018

A training workshop was held in Al al-Bayt University on Monday December 17, 2018. It was attended by 11 faculty members and 60 students from Al al-Bayt University.

The training workshop was focused on the following:

- Introduction to climate change and environment.
- Introduction to E-learning Technology used in EGREEN Project.

Dr. Moayyad Shawaqfah, Dean of Engineering Faculty welcomed the participants and gave a short introductory about EGREEN Project and its objectives.

Prof. Paula Castro, thanked the EGREEN Project team at AABU for holding this workshop. He welcomed the participants and talked about **Lower footprint and energy use biological wastewater treatment technology**.

Prof. Eduardo Cardoso, thanked the EGREEN Project team at AABU for holding this workshop. He welcomed the participants and talked about the technology which will be used in teaching the developed course Introduction to climate change and environment.
